

Good Evening,

Dear parents,

I am glad I was your children's teacher this year, I've come to love them all so much. I never knew that working with little kids would make me feel so much wiser... sadder for letting them go...but happier to see them graduating all at once. I no longer call teaching my job, but my privilege.

KG2, I want you to remember all the fun we had in all the things we did this year. But most of all I want you to remember that you are all very special kids no one in the world can be or do the things you can do. I love you all and I wish you all the best of luck in First Grade.

Now I would like you all to clap for our KG2 class. They have prepared poems for you about, 'Please don't say I'm playing, for you see I am learning as I play.' So please listen to them and encourage them.

Thank you

Kiki
